DOMESTIC SECTION 214 APPLICATION FILED FOR ACQUISITION OF ASSETS OF ICG CHOICECOM, L.P. AND ICG TELECOM GROUP, INC. BY TEL WEST NETWORK SERVICES CORPORATION

STREAMLINED PLEADING CYCLE ESTABLISHED

WC Docket No. 05-61

Comments Due: March 10, 2005

Reply Comments Due: March 17, 2005

On February 11, 2005, Tel West Network Services Corporation ("Tel West NSC" or "Buyer"), ICG Telecom Group, Inc. ("ICG") and ICG ChoiceCom, L.P. ("ChoiceCom,"), (together with Tel West NSC and ICG, the "Applicants"), pursuant to sections 63.03 and 63.04 of the Commission's rules,¹ filed an application requesting authority to complete a transaction whereby Tel West NSC will acquire certain assets, including certain customer accounts from ChoiceCom.²

Applicants assert that this transaction is entitled to presumptive streamlined treatment pursuant to section 63.03(b)(2)(i) of the Commission's rules because immediately following the transactions, (1) Applicants and their affiliates combined will hold less than a ten percent share of the interstate, interexchange market; (2) Applicants and their affiliates will provide local exchange service only in areas served by dominant local exchange carriers none of which are parties to the proposed transactions and; (3) none of the Applicants or their affiliates are dominant with respect to any service.³

¹ 47 C.F.R. §§ 63.03, 63.04; *see* 47 U.S.C. § 214.

² Applicants are also filing applications for transfer of control associated with authorization for international services as ICG also holds Section 214 authority to provide international services on a global resale basis. Any action on this domestic 214 application is without prejudice to Commission action on other related, pending applications.

³ 47 C.F.R. § 63.03(b)(2)(i).

Tel West NSC is a newly formed corporation organized under Washington law and wholly-owned by Jeff Swickard, an American citizen. Mr. Swickard also owns Tel West Communications, LLC ("Tel West, LLC"), a Seattle, Washington company, that provides telecommunications services to residential and small and medium sized business customers. More specifically, Tel West, LLC offers basic dial tone with vertical features, private line, data, and Internet access and is authorized to provide telecommunications services in several states. Applicants assert that key personnel and management of Tel West, LLC will bring their expertise and experience to Tel West NSC.

ICG Communications, Inc. ("ICG Parent"), a Delaware corporation, is the ultimate holding company of various ICG companies, including ICG and ChoiceCom. ICG Parent, through its operating subsidiaries, provides communications and information services over a nationwide fiber-optic data and voice network. It offers a range of resold and facilities-based local and long distance telecommunications services, data services, information services, and other communications solutions services, including service over a managed fiber-optic network with numerous points of presence nationwide. These services are primarily offered to medium to large-sized businesses, Internet service providers, interexchange carriers, and other telecommunications carriers.

ICG is a Colorado corporation authorized to provide local and/or intrastate long distance services in every state except Texas, Virginia and Alaska. In Virginia, ICG provides service through ICG Telecom Group of Virginia, Inc. ("ICG-Virginia"). In Texas, ICG provides service through ChoiceCom, a provider of domestic interstate services holding authority to provide local exchange and intrastate interexchange telecommunications services in Texas. ChoiceCom is a Delaware limited partnership owned in approximately equal parts by ICG and ICG Equipment Inc., the latter of which is a wholly-owned direct subsidiary of ICG Parent.

ICG Parent and Tel West NSC entered into an Asset Purchase Agreement on January 14, 2005 ("Agreement"). Pursuant to the Agreement, Applicants propose to complete a Transaction ("Transaction") whereby Buyer will acquire substantially all of the assets and customer base of ChoiceCom. In connection with that proposed Transaction, Buyer will become an interstate and international carrier and will be responsible for providing service to ChoiceCom's Texas customers transferred in connection with the Transaction.⁴

Applicants assert that the proposed Transaction will serve the public interest because the assignment of ChoiceCom's customers' accounts will ensure that those customers continue to receive uninterrupted interstate and international services under the same rates, terms and conditions as the services currently provided. In addition, the Applicants emphasize that all of the affected customers will receive notice of the proposed Transaction, and that the proposed ownership change will not inconvenience, confuse or otherwise harm ChoiceCom's customers as

⁴ Although virtually all of ChoiceCom's customers are being transferred to Buyer, ChoiceCom will continue to provide service to certain ICG nationwide customers and therefore will still operate on a limited basis in Texas. As a result, ICG and ChoiceCom do not seek approval to discontinue interstate or international service.

it will be virtually transparent to customers in terms of the services these customers receive.⁵ Moreover, Applicants state that the proposed Transaction will allow ICG to continue to restructure its operations and allow ICG to continue to implement its business strategies going forward. In sum, the Applicants assert that the proposed Transaction is expected to enhance competition in the Texas market by introducing Buyer as a viable competitor while at the same time allowing ICG to continue the on-going restructuring of the company's operations.
